Fellow P&DARCS Members

With the COVID restrictions changing to align with the proposed state government roadmap, the P&DARCS can announce some slight changes to the operations of our facility.

From Saturday, November 27th P&DARCS will once again be open for visitors to the club and members will be able to access the clubhouse. As in the past, all visitors will need to be signed in by a current financial member using the sign-in book located in the clubhouse. There is a revised sign-in book that reflects the information that is needed for visitors now.

Visitors to the club **must be double-vaccinated** and use the QR code for digital sign-in. The member signing them in must sight their relevant certificate or green tick as provided by Services Victoria. The club member who signs in their visitor will be taking responsibility that these conditions are met. No exceptions.

The recently purchased plastic chairs are being stored inside the clubhouse to help minimise exposure to the elements and the ever-present bird population. When you take a chair from the clubhouse to use, make certain you return it inside before you go and use the bottled cleaning products to clean the chair when you have finished.

If you use any part of the clubhouse, it is naturally your responsibility to clean up once you have finished. This is not just a COVID requirement, it is a matter of courtesy to clean up and not leave your mess for others to look after. Tea and coffee making facilities are not yet available but the hot water service is active.

Club members Neil Addicott, Ivan Chiselett, Greg Lepp and Keith Quigg have now been appointed as FW50 and Turbine Inspectors in addition to their FW25 inspection rating. This is to help ease the demand on the few inspectors currently operating for the over 25 kg class and turbines. If you wish to have a model inspected, ensure that you contact them well in advance, understand the MOP and have your paperwork ready.

Don't forget to upload your orders for club merchandise on the website. This store will only be active for a limited time and I would like to get the orders in to be processed before Christmas.

As always, feel free to contact myself if you require any further information.
