## Fellow P&DARCS Members

A quick update to all our club members.

No doubt we have all seen the release of the proposed Victorian Roadmap from the state government. This will hopefully help us move forward with restrictions easing and activities re-opening at the P&DARCS.

Rest assured, the P&DARCS committee will be closely looking at our options for making the field available as soon as possible. We have a meeting scheduled for Thursday (Sept 23<sup>rd</sup>) evening and this topic will be high on the agenda for discussion.

As always, we will be bound by the regulations presented to us and we will act in the very best interests of the club and our members. The clubhouse and surrounding amenities will at a bare minimum be the subject of a commercial deep cleaning operation prior to access.

Regarding Craig Fitzsimons, as of yesterday (Sunday 19<sup>th</sup>) he was preparing to head back home from hospital and have follow-up appointments with his own doctor. I'm certain he will be feeling much better being able to head home again. Best wishes Craig.

Thanks to all those members and guests who participated in the Sunday afternoon "Coffee with the Club" Zoom session organised by Daniel Jenkins. It was a great success with many of us catching up on projects underway as well as a general discussion on what we have all been up to. It is proposed that these chat sessions will become a semi-regular part of our club culture.

***And finally, a note on a very important missing item.*** If anyone can shed some light on the present location of the season formally known as "spring", could you please let us all know where it is. We would dearly love it to be returned to us sooner rather than later.

Best regards to all.

Keith Quigg | AUS 22897  
P&DARCS President
